

eFinance Solutions Time & Sales

Whether your users are looking to confirm trades, settle disputes, gauge market direction, or monitor best execution, our advanced Time & Sales window makes that research quick and easy. The eFinance Solutions Time & Sales application tracks bids, asks and trades in real-time, and provides intuitive filters that put the information your users need, right at their fingertips.

FLEXIBLE AND CUSTOMIZABLE

Depending on your needs, the Time & Sales tool can be implemented as a stand-alone product, or it can be seamlessly integrated into one of your existing applications. Since its look and feel is fully customizable, this window will merge seamlessly with your existing web site or applications, and users need

		Trade			Bid			Ask

- Filter by Exchange, Price, Size (Unit of Trade), and Quote Condition
- Delivery: Real-Time, Snap, or Delayed Snap, available as either html or XML, over the Internet
- Single sign-on and applet-to-applet symbol tag functionality are supported for seamless integration
- Export search results to Excel

STEP-BY-STEP USER GUIDE

The Time & Sales view allows users to retrieve quotes and / or trades for the last 20 trading days. This page displays the first 25 rows of data. Click on the Next link at the bottom of the page to view the next set of 25 rows, if available. To view Time & Sales for another ticker symbol, simply key in that symbol at the top of the page, and either hit enter or click on the Display button. Users can modify the search criteria by making changes to the following items:

Date and Time

By default, Time & Sales data, consisting of both quotes and trades for the current day, will be displayed

users specify a start date that is later than the end date, an error message will be displayed.

Additional Criteria

In order to view the additional search criteria detailed below, click on Show Additional Criteria in the lower right-hand corner of the criteria banner. To return to just the Date and Time criteria view, click on Hide Additional Criteria.

View

Users may select any of the following checkboxes to view Trades, Quotes, Trades & Quotes, or BBOs (Best Bids and Offers), which have occurred within the specified time frame. The default will be set to display all Trades & Quotes (which would include all BBOs).

Type Key: (Q = Quote, B = Best Bid/Offer, T = Trade)

Exchange

Users can select All Exchanges, or click on the Select button, and choose any combination of the exchanges listed. The default will be set to display All Exchanges.

Exchange Key: ASE = American Stock Exchange;
BOS = Boston Stock Exchange; CIN = Cinc.

Exporting to Excel

To export the contents of your Time & Sales view to an Excel spreadsheet, simply click on the Export link at the upper right-corner of your page. The contents of your page will then be exported to an Excel file, and you will be given the option to save or open that file.
